

June 27, 2023

Dear Pastors and Friends of Life,

We wish to introduce you to the Cape Cod Pro Life Alliance (CCPLA). CCPLA offers aid to local life-affirming organizations that provide women experiencing unplanned pregnancies the support needed to choose life for their babies and raise their children. Our members come from varied faith backgrounds, and we share the belief that life on earth begins at the moment of conception and ends upon natural death.

We have surveyed the services that are already available on Cape Cod for women facing unplanned pregnancies and found there is an unmet need for life-affirming counseling, accurate information, pregnancy support services, spiritual guidance, and an outpouring of love to empower women to choose life instead of abortion. The need for such services has become acute given the State of Massachusetts doubling down on its pro-abortion agenda.

CCPLA has chosen to partner with Your Options Medical (formerly A Woman's Concern) who has been providing life-affirming services to pregnant women for over 30 years. Many Cape Cod churches are familiar with Your Options Medical having raised funds for them during various campaigns for their off-cape centers. The pledge of financial support, along with staffing assistance and promotion by CCPLA was the catalyst for Your Options Medical to establish a new pregnancy resource center on the Cape. We hope to begin providing services this summer, first using a Mobile Medical Clinic. Initially, we will be offering free pregnancy testing and counseling, then adding ultrasound services with plans to move into a permanent location.

The strong support for CCPLA shown by people of faith has convinced us there is a desire to create a pro-life culture on the Cape. We are reaching out to you and your church as our initial step to publicize the CCPLA and our partnership with Your Options Medical.

We would very much appreciate your time and support for Your Options Medical. Members of your church may approach you on behalf of CCPLA for Your Options Medical. More information on the services offered by Your Options Medical can be found at <https://youroptionsma.org/>. If you have questions or input for CCPLA, please contact Joe Meeks at 612-430-4225 or Ellen D'Ovidio at 508-292-4346, Co-Chairpersons of the Cape Cod Pro Life Alliance. You may also contact me directly to arrange for a presentation at your church.

Our Sincerest Thanks for Your Support,

Debbie Matsinger, RN
